Announcement and Call for Papers

The International Conference of MULTIPHYSICS 2014

Sofia, Bulgaria
11-12 Dec 2014

www.multiphysics.org

The scope of the conference is to address the latest advances in theoretical developments, numerical modelling and industrial application which will promote the concept of simultaneous engineering. Typical combinations would involve a selection from subject disciplines such as Acoustics, Electrics, Explosives, Fire, Fluids, Magnetic, Soil, Structures and Thermodynamics.

In the past Multiphysics Conferences have been organised in Maribor-Slovenia, Manchester-UK, Narvik-Norway, Lille-France, Kumamoto-Japan. Barcelona-Spain, Lisbon-Portugal and Amsterdam-The Netherlands. The researcher from all around the world participated in these events. Organisers and management committee present their thanks to all attendees for making these events successful.

Call for the papers:

Authors are invited to submit abstracts of papers of up to 300 words written as a 'free standing' paragraph and containing key objectives and conclusions and preferred form of presentation: oral or poster presentation. Abstracts should contain the title of the presentation, names of authors, and their affiliations including the full contact details of the corresponding author.

All authors are invited to submit full length papers for publication in 'The International Journal of Multiphysics' subjected to peer-review.

Abstracts can be submitted online on <http://www.multiphysics.org/>
