

UNIVERSIDADE DE COIMBRA

**XIII International Symposium on Explosive Production of New
Materials: Science, Technology, Business, and Innovations
(EPNM-2016)**

Coimbra, Portugal, June 6-10, 2016

Dear Colleagues:

We have a pleasure to inform you that the next *XIII International Symposium on Explosive Production of New Materials: Science, Technology, Business, and Innovations* (EPNM-2016) will be held on June 6–10, 2016 in Coimbra, Portugal.

The meeting will be organized by the Institute of Structural Macrokinetics and Materials Science, Russian Academy of Sciences (ISMAN), Russia and University of Coimbra together with Association for the Development of Industrial Aerodynamics (ADAI), Portugal.

Information concerning symposium history, scope, etc. will soon appear at the symposium website.

The Organizing Committee of EPNM-2016 looks forward with a hope to see in the beautiful city of Coimbra the participants of previous Symposia held in Russia, the Netherlands, Montenegro, France, and Poland and also the new members of the rallied international community active in the field.

On behalf of Organizing Committee,

Mikhail ALYMOV

Ricardo MENDES

Co-chairmen EPNM-2016
